

Fall 2017

What's New at Dulaney Valley Memorial Gardens?

Dulaney Valley Memorial Gardens strives to offer a wide variety of memorialization options. With a number of new developments underway, we thought we would share them with you in this quarterly newsletter.

Sanctuary Mausoleum

We are just weeks away from the completion of Phase II of our Sanctuary Mausoleum Complex. The new mausoleum is the second of four structures positioned to create an open-air chapel.

The new mausoleum adds 140 single crypts, 224 tandem crypts and 160 niches for a total of 524 opportunities for those interested in an affordable alternative to traditional in-ground burial. Our Pre-development Special of **10% off any Phase Two niche or crypt** is only available until the end of October!

To learn more, consult with your Family Service Advisor to view floor plans and confirm availability.

Did you know?

Dulaney Valley offers a generous exchange policy for those wishing to switch from traditional ground burial to a mausoleum setting.

Harmony Hill

With the completion of Harmony Hill, we are fulfilling the request of families preferring upright monuments versus bronze markers. Our families have created some gorgeous monuments unique to their loved ones. Feel free to take a peek!

The garden entrance was recently enhanced by a black granite monument featuring two swans in honor of our resident trumpeter swans, fondly known as the "Dulaney Valley Princesses".

Don't miss our **Inventory Monument Special** valid through December 31st. The package includes **4 spaces with 2 monument rights, an inventory monument* and your family's name inscription for \$15,000**. Taking advantage of this offer will save your family approximately \$4,000!

Cremation Jewelry

We are pleased to offer personalized cremation jewelry – a sentimental gift perfect for the upcoming holiday season. Design options include cremation or non-cremation holding settings with the option for fingerprint, photo or graphic engraving. Most pieces are available in sterling silver, gold-plating, yellow or white gold.

A beloved pet may also be memorialized in this way. Design options include a pet photo, paw print and/or pet nose print.

Save 10% on any cremation jewelry purchase before Dec. 31.

To learn more about traditional and cremation burial options, please contact one of our Family Service Advisors Monday through Friday 8:30 - 5:00pm and Saturday 9:00 - 3:00pm.

*Offer excludes monuments with carvings, etchings, panels or custom shapes.
