

FLORAL REGULATIONS

WE ARE WILDLIFE FRIENDLY.

Please enjoy their beauty & excuse their manners.

GARDENS

1. Fresh cut flowers are permitted all year.
2. Potted flowers, plants, summer wreaths or baskets are permitted on Easter, Mother's Day, Memorial Day, and Father's Day. Dulaney Valley will remove these items one week following the special observance.
3. The Company reserves the right to remove unsightly flowers, potted plants, summer wreaths or baskets of flowers when they become withered, or for any reason at management's discretion.
4. No artificial ornaments of plastic, Styrofoam, or similar material may be placed upon any grave at any time.
5. Artificial flowers are permitted during the period between October 15th and April 15th.
6. Funeral flowers will remain for 3 business days following the day of the service.
7. Live or cut Christmas trees are not permitted.
8. Planting of flowers, shrubbery, etc. in vases or ground is never permitted.
9. Dulaney Valley will remove all Christmas tributes on January 25th.

MAUSOLEUM

1. Fresh cut flowers and bouquets placed in a suitable vase or container are welcome anytime. Because table and bench space is limited, please strive to keep floral tributes to a reasonable size. Tables and benches are for floral tributes only.
2. Artificial and/or dried flower tributes may be placed on the tables or in crypt vases. If placed on the table, they must be placed in a proper container or vase. Dulaney Valley will remove all artificial and/or dried flower tributes on the following dates: January 25th and October 1st.
3. Crypt vases will be cleared of artificial and/or dried flower tributes annually on January 25th.
4. Potted plants/flowers and wreaths are not permitted at any time.
5. No wreaths or floral tributes on stands will be permitted except during funerals. Funeral flowers will remain for 3 business days following the day of the service.
6. Only bronze emblems and vases, approved and installed by Dulaney Valley, may be attached to the crypt fronts.
7. Dulaney Valley will remove all Christmas tributes on January 25th.

Please keep in mind:

In the evening, deer often enter the cemetery and may eat flowers. To protect your flowers, you may consider applying a deer repellent spray. The cemetery does not provide this service.

The cemetery does provide a service to run visiting waterfowl out, as needed, to prevent the mess they often leave behind on graves.

While our lawn mowers do not run directly over grave markers, they do go along the edges, so any items placed on a marker may be disturbed and/or damaged.

Caring for Your Family
